**On January 1<sup>st</sup> 2011 the US Treasury discontinued the use of the Form 8109 Paper Coupons for Plan Sponsors to make tax payments. The IRS now requires all Plan Sponsors to register and make their tax payments electronically.**

*Unless....*

You use [PenChecks](#) to process your individual distributions, plan terminations, recurring benefit payments and/or your Default or Missing Participant IRAs. If you do, this new change will not affect you or your Plan Sponsor clients at all! Because of our massive volume, PenChecks is already an electronic filer with the IRS.

It takes just minutes to set up an account and enter distribution information on our secure processing website. Then effectuating distributions is a snap. And the best part... without having to do anything, all of the required tax payments will be handled for your clients in the appropriate and compliant manner. **PenChecks even processes, mails and files the 1099Rs and the 945 for all distributions we process!**

If you really want to add value to your client relationships, tell them that you're going to minimize their fiduciary liability and shield them from cumbersome bureaucratic, red-tape procedures and potential IRS penalties. **Then let PenChecks do all the work and make you look good.**
